

One is fun!

Go straight down and then you're done.

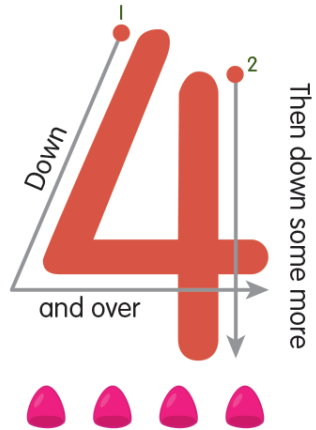

Around and back on the railroad track

You made a two just like that!

Around the tree

That's the way to make a three.

Down and over

Then down some more

That is how you make a four.

Hat on top

Short straight neck

big round tummy

And that's a five.

Roll a hoop and make a loop

Just that quick you've made a six.

Straight across

and down from heaven

That's the way you make a seven.

Make an 'S'

but don't you wait!

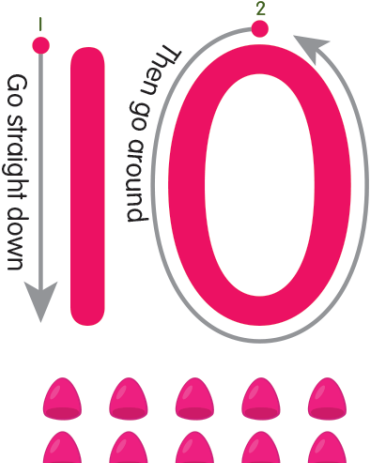

Go right back up to make an eight.

Make a loop

and then a line

That's the way to make a nine.

Go straight down

Then go around

That's the way to make a ten.

Make a big loop just like so

That's the way you make a zero.
